

Hereford Student Senate

Weekly Meeting
September 22, 2009

House & Officers Update

Treasurer Update

- Spent \$13,000 of \$25,000 budget. Mostly on Busch Gardens.
- \$18,000 in rollover funds. Only used for very special events that really promote the long-term goals of Hereford.
- Katy proposed that we should budget well before spending the money. The sample budget sheet from UPC is a good start.

Publicity-Chair Update

- Anna sent out an email to all of Hereford yesterday to recruit other publicity committee members. She will be willing to interview candidates for those positions.

Nuts and Bolts

Tasks and Announcements

- Made thank you cards for Jen and Lisa from UPC
- Pre-game BBQ sign-ups passed around
- Dillard 388 liaison is Samantha (sam4wx)
- Dessert social with Dillard – about 10 to 15 out of 26 people showed up!
- If you want to submit a proposal to the weekly meeting agenda, email both Katy and Catherine by Sunday night at 8pm
- Food at meetings: optional
- Horseback riding trip: Katie D. has connections that could potentially lead to a Hereford horseback riding trip!
- Pool Table for Hereford? No
- Typing Foreign Languages on Lower Vaughan Computers: Professor Rich Gregory will be able to install language software on the computers. We will do it for two or three languages.
- Software: engineering students use AutoCAD, which requires computer capacity not met by laptops. This software is also free.

Top Parking Lot and Ideas

1. Camping
2. Hiking to Blue Hole
